*Derived from Nusantara, meaning 'archipelago', NUSAN reflects a collection of islands—diverse yet connected—symbolising a rich tapestry of South East Asian flavours, culinary traditions and cultural depth.*

*Rooted in the philosophy of balance and harmony, NUSAN presents a refined Asian fusion dining experience inspired by the culinary traditions of Japan, South East Asia, and the wider Asian continent. Guided by precision, discipline and respect for the elements, our Executive Chef and culinary team craft a contemporary interpretation of Asian cuisine - where bold aromatics, refined technique and theatrical Teppanyaki fire come together in perfect flow.*
